SKILLS

- HTML, CSS, JavaScript, jQuery
- MongoDB, Express.js, React, Node.js
- Research and Development
- Adept in English, Hindi, Punjabi

TOOLS

- **Git:** Collaborated on development projects utilizing Git for version control and code collaboration.
- **Postman:** Utilized Postman for API testing and debugging, ensuring smooth communication between backend and frontend systems.
- **MongoDB Compass:** Employed MongoDB Compass to manage and visualize MongoDB databases, optimizing queries and data structure

EXPERIENCE

- **MERN Technology Intern (July 2024- January 2025)**
iapp Technologies LLP

Experience in MERN stack development through participation in 2 live projects. Contributed to bug fixes, enhancements in existing codebase, improving performance of the projects. Conducted in-depth research on best practices, libraries, and frameworks, and applied findings to optimize solutions for project development.

- **Intern (June-July 2023)**
PRSC (Punjab Remote Sensing Centre)

Worked on the Ludhiana Tourism Story Map project, creating an interactive and visually engaging landing page to promote tourism in the region. Utilized StoryMapJS and GeoServer to integrate geospatial data, enhancing the user experience by mapping key landmarks and points of interest.
